- JBC390F541WAA-19-B

- Fanless Intel Celeron Bay Trail J1900 SoC Processor
- Embedded Long-life Series, Planned Lifecycle Through Q1'2019
- 10 \* Intel Gigabit LAN Ports
- ECO-design for EuP/ErP

#### Motherboard Specification

|                                  |                                                                                                     |                       |
|----------------------------------|-----------------------------------------------------------------------------------------------------|-----------------------|
| <b>CPU</b>                       | Intel® Celeron J1900, 2.0GHz Quad-Core SoC, 10W, Bay Trail                                          |                       |
| <b>Memory</b>                    | 1 * 204-pin DDR3L-1333 SO-DIMM up to 8GB (1.35V required)                                           |                       |
| <b>Graphics</b>                  | Intel HD Graphics                                                                                   |                       |
| <b>LAN</b>                       | 10 * Intel i211AT Gigabit LAN                                                                       |                       |
| <b>Audio</b>                     | Realtek ALC662 HD Audio                                                                             |                       |
| <b>Storage</b>                   | 1 * 2.5" SATA2 3Gb/s drive bay for HDD or SSD<br>1 * mSATA/mini-PCI Express shared slot (Full-size) |                       |
| <b>Wireless / Mini-PCIE Slot</b> | 1 * Mini-PCI Express slot (Full-size)                                                               | Wireless 802.11 b/g/n |
| <b>USB</b>                       | Embedded 1 * USB 3.0 and 3 * USB 2.0                                                                |                       |

#### Chassis Specification

|                     |                               |
|---------------------|-------------------------------|
| <b>Product size</b> | 185 (W) * 165 (D) * 48 (H) mm |
| <b>Color</b>        | Black                         |

|                           |                                                                                                                                                             |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Storage Bay</b>        | 1 * 2.5" Drive Bay (Only support SATA 2.5" HDD or SSD)                                                                                                      |
| <b>Front I/O Port</b>     | 1 * Power Button<br>1 * HDD LED<br>8 * RJ-45 LAN ports<br><br>1 * +12V DC-in jack<br>1 * Reset Switch<br>1 * USB 3.0 ports<br>3 * USB 2.0 ports<br>1 * HDMI |
| <b>Rear I/O Port</b>      | 2 * RJ-45 LAN ports<br>1 * Serial port (RS232/422/485)<br>1 * VGA port<br>1 * Line Out jack<br>1 * MIC In jack<br>2 * SMA Connectors for WiFi Antenna       |
| <b>Environment</b>        | Operating Temperature : 0 ~ 40°C<br>Storage Temperature : -20 ~ 85°C                                                                                        |
| <b>Standard Accessory</b> | √ 60W AC-DC Adapter x1<br>√ Power Cord x1<br>√ Wall Mount Kit<br>√ DIN RAIL x2<br>√ CD Disk x1<br>√ Manual x1<br>√ WIFI antenna (with HBJC390F541W model)   |
| <b>Functional</b>         | Networking Appliance, Firewall/Router, Industrial Control, Digital Security, Embedded System                                                                |
| <b>Certificate</b>        | CE,FCC,ErP For Barebone<br>CE,FCC,TUV,UL,CCC,CB,ErP For Power Adapter                                                                                       |
